Explanatory notes to the tables of the statistical annex

Table 8.1 Balance of payments summary

Current and capital and financial accounts

The balance of payments records transactions between residents and nonresidents on goods, services, and income, as well as changes in Aruba's financial claims on, and liabilities to the rest of the world. The basic data to compile the balance of payments are obtained from residents (with the exception of companies with a nonresident status, i.e., offshore companies), who are legally obliged to report to the CBA their transactions with nonresidents. In practice, licensed foreign exchange banks, operating either as intermediaries or on their own behalf, report the bulk of the transactions. Enterprises, including the Oil Refinery, holding accounts with nonresidents are also obliged to report. Changes in the balance on these accounts are registered by the CBA either as an increase or a decrease in currency and deposits included in other investment, as well as in other capital included in direct investment. Other quarterly and annual reports of enterprises are also used for obtaining additional information on, *inter alia*, foreign assets and liabilities.

Net errors and omissions

Imbalances resulting from imperfections in source data and compilation are included in net errors and omissions. Net errors and omissions are derived from net lending/net borrowing from the financial account minus net lending/net borrowing from the current and capital accounts.

Table 8.2 Components of the current and capital accounts

Goods

Goods comprise import and export related payments of crude oil and oil products, as well as import and export related payments by sector other than the oil sector effectuated through the banking system and notified foreign accounts. Non-oil merchandise import payments by the oil sector, goods procured in ports and repair goods are also included.

Services:

Transportation

Transportation contains, among other things, harbor dues and fees, and passenger fares. Data on transportation are based on the relevant payments. However, adjustment are made to allow for the fact that in the balance of payments goods are recorded consistently as a f.o.b. basis.

Travel

Travel refers to the consumption of goods and services acquired by nonresidents (residents) during their visit to Aruba (abroad). Travel does not include passenger fares, which are captured in Transportation services. Travel is compiled from transactions in foreign currency, traveler's checks, and credit cards as reported by the foreign exchange banks, as well as companies holdings notified foreign accounts.

Government n.i.e

Included as inflows are payments by the government of the Netherlands in connection with its representative office in Aruba (including the Dutch Royal Navy). Outflows comprise, among others, payments by the Aruban government related to its representative office in the Netherlands ("Aruba Huis") and payments by Aruba Tourism Authority for tourism promotion abroad.

Table 8.3 Selected current account components

Other services

Other items include all other services not included elsewhere, including management fees, transactions for industrial maintenance, contracting works, royalties, insurance services, rents, and leases.

Primary Income

Primary income covers profits and dividends receipts and payments on equity investments and participations, as well as interest on public and private sector loans, debt securities, and foreign assets and personal earned income.

Secondary Income

Secondary income covers private transfers, i.e., workers' remittances and other current transfers of individuals as well as pension, alimony and other support remittances and official transfers, i.e., grants for social and cultural projects and contribution to the Solidarity fund.

Table 8.4 Components of the financial account

Financial account covers direct investment, portfolio investment, financial derivatives, other investment, and reserve assets.

It should be noted that banking transactions of the commercial banks and official reserves of the CBA are no longer shown as separate items 'below' the line, but are now included in the respective assets and liabilities of the financial account 'above' the line.
